2A. Project Detail

1a. CoC Number and Name: SD-500 - South Dakota Statewide CoC
1b. Collaborative Applicant Name: South Dakota Housing Development Authority

2. Project Name: SD-500 CoC Planning Application FY 2018

3. Component Type: CoC Planning Project Application
2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with the provisions of 24 CFR 578.7.

South Dakota Housing Development Authority (SDHDA) is the Collaborative Applicant and lead agency overseeing HUD CoC compliance and obligations for SD-500 statewide CoC - South Dakota Housing for the Homeless Consortium (SDHHC). The 2018 CoC Planning Grant will be utilized to pay for SDHDA staff time and expenses to plan, organize, and facilitate the ongoing operations of SDHHC. Ongoing CoC operations include completing quarterly meetings of CoC, attending and assisting the efforts of committees and sub committees, strengthening public relations and soliciting new members, evaluating the effectiveness of new programs, overseeing coordinated entry, and implementing program changes as needed. In addition, SDHDA staff complete ongoing monitoring of CoC recipients by reviewing HMIS data quality performance measurements and assisting with program performance as appropriate. SDHDA staff also provide assistance with research on best practices and respond effectively to community requests for information on homelessness related topics.

SDHDA also administers the Emergency Solutions Grant and is HMIS lead agency. The individuals working with CoC, ESG, and HMIS are located within the same department of SDHDA and work closely to ensure programs are aligned and coordinated, all geographical areas of the state are served, and informed decisions are made.

SDHDA CoC Administrator keeps the statewide by name list of homeless veterans and organizes case conferencing activities while working closely with Veterans’ Services to ensure veterans are being quickly identified and housed, as well as, monitoring federal benchmarks associated with ending veteran homelessness.

Previous Planning Grants were utilized to contract with South Dakota Community Action Agencies to broaden CoC outreach to all areas of the state as well as enhancing PIT count data collection. The plan is to continue this partnership community action agencies. SDHHC has contracted with Simtech Solutions for assistance with PIT Count and to organize data used in the PIT count reports submitted to HUD. The next step of PIT Count proficiency is working with SDHDA’s Data Analyst to utilize GIS mapping for location of homeless households and corresponding services and housing units available.

SDHHC is making a concerted effort to address issues with homelessness associated youth and in rural areas. SDHHC is involved in the Rural Supportive Housing Initiative and working with TA provider on a Peer Leadership Network Organizational and Capacity Development Plan development and implementation activities. The SDHHC youth committee membership will serve as the catalyst to organize and maintain a Youth Action Board (YAB) for SDHHC and to developed, organize, and successfully complete a statewide Youth Forum bringing together youth and the full spectrum of youth services providers and stakeholders.
2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

Policy and Advisory Committee (PAC), is the governing board of SDHHC and adopted a formal Data Quality plan. For data quality, performance reports from CoC funded projects are reviewed at least quarterly by CoC Administrator and the Administrator then works with CoC grantee agencies to address any data quality issues. The quarterly reports are also reviewed to evaluate program efficiencies so technical assistance can be provided to the agencies as necessary. The CoC funded agencies also participate in monthly work groups, providing a forum for addressing collaboratively; data quality, HUD best practices, and program requirements.

PIT Count planning, organizing, and improvement efforts continue throughout the year. SDHDA’s Data Analyst is working to create a PIT application through GIS mapping for 2019 count as an alternative to using SIMTECH software. Currently, SDHDA financed housing units are incorporated into GIS mapping and services and homeless count data being incorporated within the next 12 months.

The SDHDA’s CoC Administrator, ESG Program Coordinator, and the Director of Rental Housing Development meet at least monthly to discuss progress, address challenges, review outcomes of coordinated entry, review CoC planning efforts, and evaluate housing opportunities. This provides an opportunity for implementing program changes in housing finance programs, ESG Selection and solicitation of new CoC applications to address the identified needs.

The CoC Administrator completes regular meetings throughout the year with stakeholders directly involved with management of by name list of homeless veterans. The veteran group has identified the goal of meeting federal benchmarks for ending veteran homelessness in South Dakota in the next year. South Dakota has significantly reduced chronic homelessness and homelessness among veterans in the state in the past six months.

As indicated above, the CoC Administrator is working with the Youth Committee for implementation of a Youth Action Board by the end of 2018 and hosting a youth forum in 2019. A capacity development plan was created outlining the action steps and specified time-frame.

3. How will the requested funds improve or maintain the CoC’s ability to evaluate the outcome of CoC and ESG projects?

The planning grant funds will be utilized to pay for staff salaries, software costs and contract with third parties as deemed necessary to ensure improvement of CoC activities and outcomes. The duties of coordination, planning, data collection and evaluation takes staff time and resources. Staff will continue promoting greater transparency, accuracy, timeliness, completeness, and consistency of project performance. The ability to evaluate project performance will result in effective system performance. Accurate, consistent, and timely data
collection, continual evaluation of project level data, monitoring of CoC funded projects, and creation of incentives and enforcement of expectations are all important aspects of the Data Quality Plan that the planning grant funds with assist with.

4. How will the planning activities continue beyond the expiration of HUD financial assistance?

The ongoing daily duties and planning activities of the CoC Administrator has historically and will continue to be funded by South Dakota Housing Development Authority. The opportunity to receive planning grant funds has allowed SDHDA to contract with third parties and enhance software and services to ensure effective administration and oversight of the CoC. So much progress has been made in improving data quality including; PIT count and HIC data, project level data, HMIS data, and system level data that going forward more accurate decisions can be made in less time and the CoC can feel more confident in making decisions.

Information gathered is becoming more accurate, reliable, consistent, and timely and can be better used to address measurable needs and gaps and to more efficiently allocate and reallocate resources within the statewide CoC to meet needs evident while employing HUD best practices and adhering to program requirements. The improvements in PIT count and GIS mapping will be completed by the Data Analyst position.

Document Description:
5B. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.

It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or
disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

1-Year Operation Rule.
For applicants receiving assistance for CoC planning: the project will be operated for the purpose specified in the application for any year for which such assistance is provided.
