Coordinated Entry System (CES)

Statewide assessment system to ensure that persons experiencing homelessness and persons at risk of homelessness, are matched as quickly and efficiently as possible with the available intervention that will most effectively end their experience with homelessness, or prevent that experience from happening.

- **Access** = there is statewide access to the CE System
- **Assessment** = each person/household completes a VISPDAT
- **Prioritization** = each person/household is assigned a score based on their assessment
- **Referral** = are made as quickly as openings are available

Through coordinated entry, the CoC ensures that the highest need, most vulnerable households in the community are prioritized for services and that the housing and supportive services in the system are used as efficiently and effectively as possible.

Should you be part of CES?

Do you work with any homeless individuals/families?

If the answer to that question is Yes then you should be involved in Coordinated Entry. Any agency that receives ESG or CoC funding is required to participate in Coordinated Entry.

How can you get involved?
Please reach out to myself or Davis and we will discuss the Coordinated Entry process with you and how your agency fits into the process.
2019 Point-In-Time (PIT) Count

• Count Date: Tuesday, January 22, 2019
• Statewide effort
• Multiple agencies & volunteers working together
Challenges

Matching PIT & HIC – Literal Homeless

- **Sheltered Homeless Survey** – Drop down choice for organization & project, ES or TH Projects

- **Unsheltered Observation Tally** - used when it is not possible or safe to administer survey

- **Not Literally Homeless** – HUD Defined

- **Paper Surveys** accounted for 50%
