# What is a Systems/Data Map?

**A Visual Guide to Show How People do or do not “flow” through the homeless system that:**

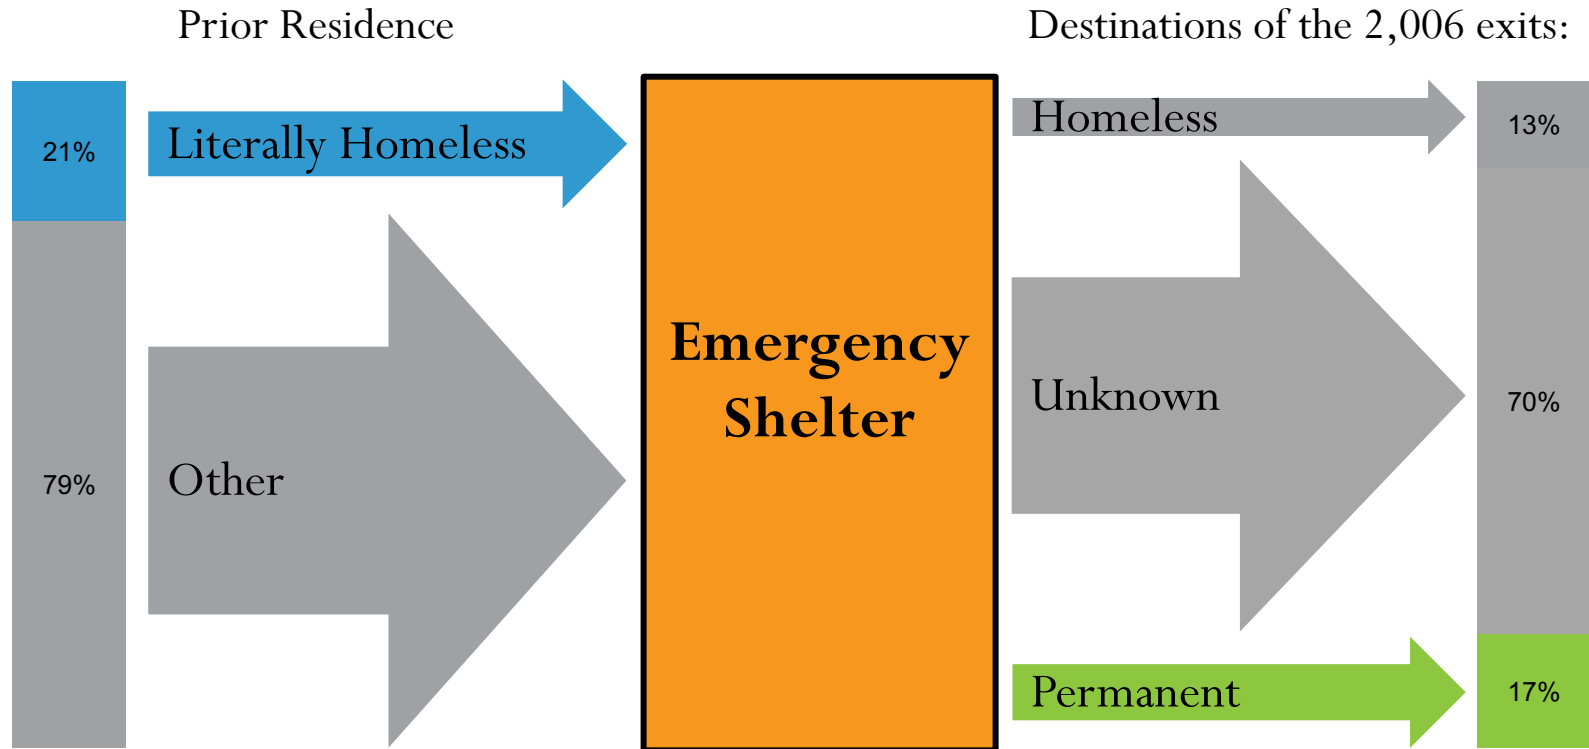

- Includes data from ES, TH, PSH, and RRH programs all on one page. Reports used included APR, HIC, PIT, and AHAR.

- Illustrates entry and exit data to help determine causes and show outcomes

- Provides a base for discussion on data quality, programming, and policies to help end people’s homelessness.
